Software Version 1.6

This product was developed and structurally validated following a Registered Quality Management System which conforms to ISO 9001:2008 International Standard requirements (ISO 9001:2008 Registered Certificate Number: FM 31547). A development life cycle has been followed which conforms to the AB SCIEX Quality System.

The documents and the procedures used in software development are identified by the AB SCIEX Quality System. The integrity of the Quality System is routinely audited and is certified by the British Standards Institution as meeting the requirements of ISO 9001:2008, the internationally recognized standard for Quality Management Systems.

Development documents, procedures, and records are available for review on site at AB SCIEX. A non-disclosure agreement is required for their review.

Certified by the following, this the 8th day of August, 2011.
